What do we offer?

Mission Statement

Alternative, rigorous, technology-enhanced instruction for “at risk” youth leading to graduation and preparation for success beyond graduation.

Traditional schools are not for all students. An alternative school can be a better choice for students that are not served well by a traditional school. Simply put, we take a different approach.

Alternative schools are not easier schools – all students in the state of Arizona must pass the same courses in order to earn a high school diploma.

Attendance Policies

All Tucson Youth Development Schools (*ACE & YouthWorks Charter High Schools*) expect our students to be in daily, punctual attendance. If you are absent due to an approved excused absence (see below) documentation should be brought into the office upon your return. The data concerning how students learn best is clear – the more students are absent, the lower they perform academically. We want you to succeed – therefore, we need our students here and ready to learn. Students are also expected to be punctual in class attendance in each course as of the day of official enrollment (student’s first day on campus). Students themselves are primarily responsible for attendance. Any absence that is not excused will be documented as an unexcused absence and may lead to an attendance contract if it happens on a regular basis, therefore, please be prepared to provide official documentation to the registrar (Joanne), when applicable.

Tardies

Students are expected to be on time to school and to their classes every day. A student is considered tardy if they arrive at their class **before the first ten minutes of the start of the class period**. If the student arrives after the first 10 minutes of the class period they will be marked absent (unexcused) – if the tardy is related to a previously **approved** reason and shared with the Principal documentation can be provided to have the tardy excused. Please understand that **upon 3 tardies that are unexcused**, it will be considered **equivalent to a one (1) full day’s absence**. Persistent tardiness will result in the student being placed on a mandatory success plan (attendance contract) that will help them meet the requirements of the school and maintain an academic path that will result in a timely graduation.

Excused Absence Requirements

Excused absences are determined as follows:

1. Documented medical or dental appointments
2. Illness reported by the student or legal guardian
3. Court appointments
4. Additional excused absences as determined by the Principal

Teachers will work with students in the event an absence occurs, however, it is not their (teachers) responsibility to request missing assignments due to an absence. Upon your return to school be sure to meet with your teacher to catch up on your missing assignments. You will be provided with up to seven (7) days to complete them and turn them in to your teacher.

Upcoming Absence Notification

Students are responsible for communicating any potential attendance issues to their teachers with as much notice as possible and plan to stay on track. The communication may occur via phone call, meetings before/after classes, or email. Documentation will still be provided by the student and/or legal guardian.

Extended Absences

Students who need to miss more than 1 week of classes should provide documentation to the school's attendance office. Documentation should be submitted prior to a planned absence. Documentation may also be submitted during or after an unplanned absence.

Examples of appropriate documentation include:

- *doctor's note*
- *letter from an office on official letterhead for court appointments*
- *Or, other documents that demonstrate extenuating circumstances*

If a student is unable to offer official documentation (Dr.'s note, etc), the absence will be unexcused.

Important Note: An absence of 10% or more in any course will require an appeal to the Principal to be allotted the credit for that course. If all absences have been undocumented/unexcused, the course will need to be reassigned to gain the allotted credits for that course.

Academic Policies

Academic Honesty

We expect students to be positive contributors to a healthy moral environment and to reflect honesty in their academic work. Academic dishonesty is viewed as a serious ethical issue and will not be tolerated. Cheating on any work will result in a score of zero for the related assignment(s). Additional consequences can result from instances of academic dishonesty.

“Copy-and-Pasting”

It is important for several reasons for students to do their own work and put things in their own words. “Copy-and-pasting” is a serious issue and diminishes your ability to learn the material. This issue will be handled by the classroom teacher initially, but if it continues these will be handled by the administration.

Missing Work

Students are expected to talk to their teachers and get their missing work ***immediately*** after returning from an absence. Please talk to your teachers before or after school or at lunch for missing assignments. Specific makeup policies will be covered in each teacher syllabus, but ***waiting until the final weeks of a grading period to complete missing assignments will not be tolerated.*** Please take advantage of the wonderful tutors we have available when completing your missing work. A three (3) day grace period will be given based on the following grading scale: Assignments that are one (1) day late will still receive 100% of the grade earned. On day two (2), the assignment will have 10% subtracted from the final grade. (example: an assignment that earns 100% will receive 90% as the final grade) On day three (3), there will be a 30% deduction of points (example: an assignment that earns 100% would result in a score of 70%). After the third day no points will be awarded for the assignment and a grade of zero (0) will be entered into the gradebook.

Students and families will be provided with the due process information if cases occur.

Teenagers have wonderful personal expression and style, but it is important to know what is appropriate to wear in different situations. Accreditation Statement

Cognia Accreditation

Based on a set of rigorous research-based standards and evidence-based criteria, the accreditation process examines the whole institution—its policies, programs, practices, learning conditions, and cultural context—to determine how well the parts work together to carry out the institution’s vision and meet the needs of every learner. Accreditation isn’t about passing a one-time inspection. Rather, accreditation recognizes education providers that demonstrate and sustain their commitments to continuous improvement and better learner outcomes. Students and parents/guardians can be assured that credits earned at ACE & YouthWorks Charter High Schools will transfer to any other accredited high school.
